

DHL PARCEL UK **LIVE SERVICE UPDATES**

SERVICE UPDATES FROM DHL PARCEL UK

We strive to deliver every parcel safely and on time - however occasionally road closures due to planned events or unexpected incidents, weather conditions or system outages may affect or otherwise disrupt delivery services.

Whenever we're aware of a potential interruption to our deliveries, we'll post an update here with as much detail as possible, so you can be well-informed on the arrival of your parcel.

January 2021

Friday 15 January | 10:07

Due to snow and adverse weather conditions, parcels for delivery in the Leeds, Sheffield and Middleton areas may incur a 24hr delay. All efforts will be made to deliver all delayed parcels over the weekend, weather permitting.
